

Enviva at a Glance

Enviva is a leading global renewable energy company on a mission to displace fossil fuels, grow more trees, and fight climate change.

Enviva's Economic Impact in Mississippi*

We will support over **850 jobs** across Mississippi.

We will have invested over **\$600 million** in Mississippi.

**Upon completion of the proposed Bond plant*

We are on track to create over **4,500 jobs** across the U.S. Southeast.

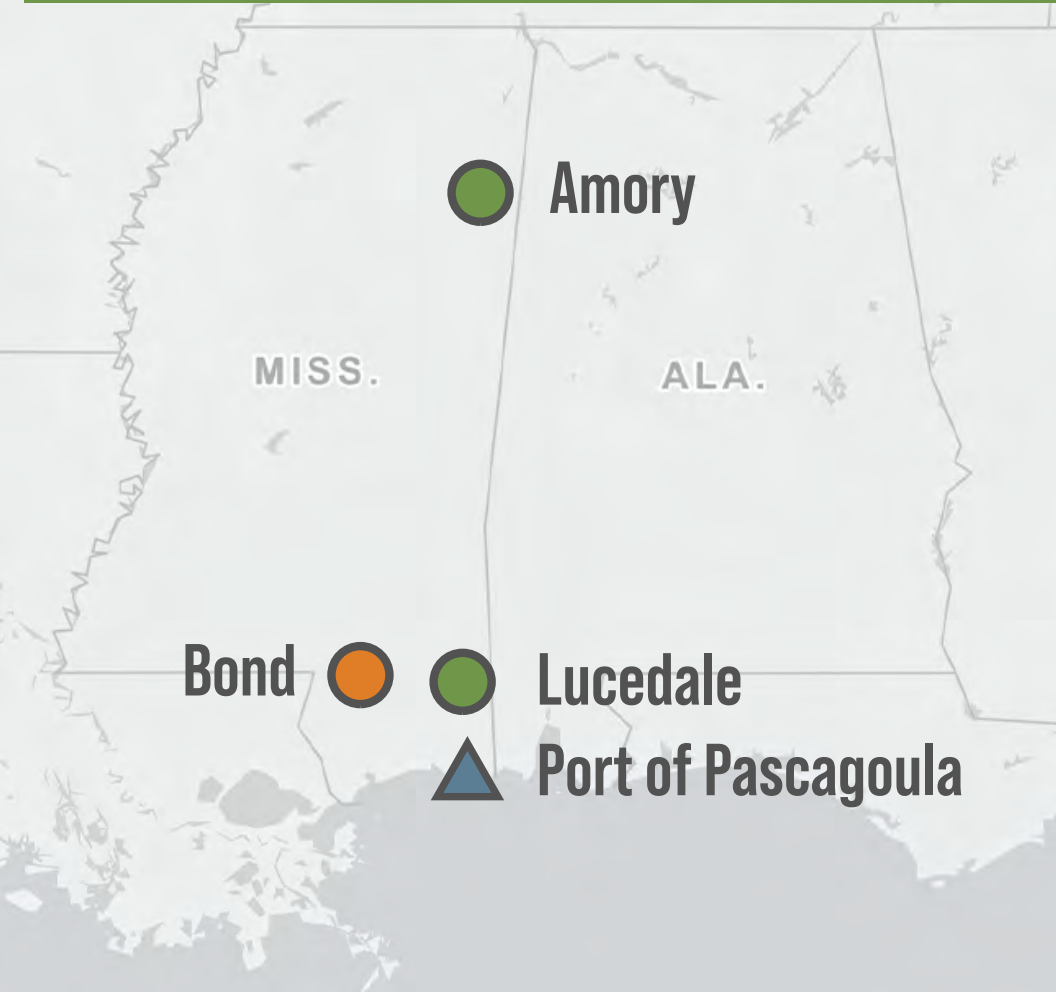

We operate **ten wood pellet plants** across the U.S. Southeast.

We ship from **six deep-water export terminals** across the U.S. Southeast.

Enviva uses sustainably sourced, low-value wood to manufacture wood pellets, a renewable fuel source that generates electricity and heat around the world.
